## The White is King

Another White Sewing Machine Club forming at Hooker's, limited to twenty-five (25) members. Some of the No. 60 "Sit-Strate" White, that you have been waiting for, have arrived and can be had in this sale—

Terms, \$2.00 down and \$1.00 weekly

To Sew on a White is a Joy—a Delight

We claim to be in a position to intelligently advise you in regard to purchasing a sewing machine for family sewing.

Too many people buy in a haphazard manner.

They see a machine, it looks good, everything outwardly is attractive, but the most attractive feature is the price.

Perhaps even with your good judgment you would be tempted to invest.

But stop a moment and think the matter over.

Are you purchasing for present needs only? Are you buying merely an ornament for the home? Perhaps you are, and yet we judge not; rather when you come to view the matter properly you feel that service is the real consideration—the very best service to be had, and if you don't get it, your money is as good as thrown away.

And when we say service, we mean the dependable, quality kind, good for to-day, to-morrow, next week, for a year, five years, yes even fifteen or twenty years.

Preposterous, you say—not at all for the White. There are any number of White machines in active use to-day that were bought twenty-five years ago, and many have been in commission for even a longer period.

That's convincing, is it not?

The White was a fine machine in those days. It's immeasurably better in every respect now, in general appearance, finish, construction, improvements and all that cause it to merit popular approval.

Before buying a Machine, be sure to see and try the White.

Second-Hand New Homes, Singers, Goodrichs, etc., Machines at your own prices. These Machines have been taken in exchange and are in good running order.

## Our Many New Arrivals

Nearly every express now is bringing new values into our several departments, the season being so forward it has created such a demand for many popular goods that there is sure to be a shortage of many of the most popular values. We have now one of the best and largest displays of general merchandise we have ever shown at this time of the season.

We have received in the last few days our full lines of Furs, Coats, many new things in Waists, Ladies' Wool Dresses and Suits. Many of the early models we cannot duplicate, as the cloths will be closed.

### Ladies' and Misses' Furs

Every indication points to a large Fur season. Manufacturers have been busier this season than for many past. The class of Furs shown are different, and there are many new Furs that are coming in very strong. We have just received one of the largest and fullest lines of small Furs that we have ever shown.

While the Opossum Fur has become very scarce and more expensive, we will be able to show you some values in these Furs that will equal any we have ever shown. You should see our special Muff at \$3.95.

We are putting out a special Muff value at \$2.00 that is a very good value at the price. We will be able to show you our usual high class values in the Black, Sable and natural Fox Muffs at prices that will equal any we have ever shown.

We are showing many of the new Furs in the popular models, such as the Blue Fox, the Mole, the new Blue Sheared French Coney, the Jap Mink in the new blend. The natural 'coon will be as popular as last season. See these Fur values as early as you can.

These Waists we are selling at only \$1.25 each, and we would like to have you compare them with Waists you have seen at one-third more.

At \$1.25 is a Waist that is made from a fine quality India lawn, one style is made plain tailored with medium tucks and embroidered collar.

At \$1.25 is a good weight fine Lawn Waist that is made in a very neat tailored style, with fine embroidered design on front yoke; has the new sleeve.

In this lot of Waists at \$1.25 are six of the best and newest designs we have ever seen this season. See these Waist values in our north show window.

### Blankets for Fall of 1913

This is our best display for several seasons. Cotton Blankets are a little more than last season. Yet not as much difference to you as the cost of production might indicate.

Wool blankets should be the same as last season, cost of wool and work about the same. These that we are showing will appeal to you as better priced than last season.

We have in our Blanket purchases two extra good trades, one is a 64 by 76 Woolnap Gray Blanket, a \$2.75 value at \$2.49. The other is a still better trade, a White Woolnap Blanket, 72 by 78, as you will see, an extra size, a \$3.00 Blanket now at \$2.49 per pair.

You will find in our Bed Puffs some very pretty styles. These are new, and the medium priced Puffs look and have the appearance of silk.

We can always help you to Sheets and Pillow Slips at a price that will prohibit making, as these Sheets are often sold all made at less than you can buy the cotton.

### Fall and Winter Kinds

The popular garment to-day is a Hoagknit Sweater, and that in a good heavy weight, one that will give the wearer comfort on an early morning or a cold evening.
